Customer information security and privacy policy

MyActive takes every reasonable step to protect the data and the transit information for event organisers and their entrants, but we cannot warrant or guarantee the security of any of the information you provide to us. We do not use your information for any other purpose other than those set out in the MyActive services. We will not sell or distribute your information to any third party.

Any login details created or provided on the site are the responsibility of the event organiser and MyActive cannot be held liable for any losses incurred as a result of these login details being used by anyone other than yourself. You may not distribute your login details, or use anyone else's login details for any of the MyActive services.

Account and Registration Details

You agree that the information you provide to MyActive upon registration and at all other times will be true, accurate, current, and complete. You also agree that you will ensure that this information is kept accurate and up-to-date at all times. If you have reason to believe that your account is no longer secure (e.g. in the event of a loss, theft or unauthorized disclosure or use of your email address, password, or any credit, debit or charge card number, if applicable), then you agree to immediately notify MyActive.

Credit card acquiring and security

All credit card transactions are handled by iVeri or Adumo on behalf of MyActive.co.za. We use two merchant facilities for failover management, resulting in more guaranteed uptime. iVeri and Adumo (previously MyGate) use the highest level of encryption for all card processing and are PCI and DSS compliant. You can review their certificate and security policies at www.iveri.co.za or www.adumoonline.com.

MyActive does not store credit card information and does not associate credit card details with entrant's personal details. All credit card details are stored on the Payment Gateways secure systems.

Payment Conditions / Commissions

MyActive charges a fixed percentage of each entrance fee charged for your event. This percentage per transaction is charged at 6% or otherwise negotiated based on event transaction volumes. MyActive reserves the right to adjust this percentage on an individual basis or to adjust the rate across the board. Any adjustments to the standard charges will be updated in the terms and conditions on the website.

For payments received through the event registration process, MyActive acts as a booking agent collections and clearing facility. All funds are collected through a central payment facility and paid out to event organisers on a monthly basis. All receipts are net-effected (receipts minus related expenses) prior to being paid out to the event organiser. The following additional conditions apply to receipts and payments:

- The transaction currency is South African Rand (ZAR)
- The quoted percentage fees exclude VAT. VAT will be applied to all expenses prior to final calculations and payment of the net-effected receipts
- No interest is due on collected funds
- Event organisers are responsible for their own VAT. MyActive simply transfers the billed amount, less percentage fees to the event organiser and takes no responsibility of the VAT liability of the event organiser
- For EFT payments, any in-branch cash deposit fees are for the event organiser's expense and will be calculated against the receipts for that month
- Irreconcilable EFT payments made by entrants (as a result of incorrect reference numbers or amounts) will be held by MyActive in a suspense account until resolved by MyActive. Entrants will liaise directly with MyActive on account queries
- Refund requests will only be considered on request from the event organiser and will carry a handling fee (See Refund Policy below)
- Any credit card charge-backs or disputes which result in those receipts being reversed from the MyActive account will be expensed against the event organiser's account (See Dispute Resolution and Charge-Back Policy below).
- We will endeavour to make payments to the event organiser by the 8th of each month, but we make no representations or warranties regarding the amount of time needed to complete processing because our services are largely dependent upon many factors beyond our control, such as, without being limited to, delays in the banking system or in card networks.
- For first time event clients, MyActive will conduct an audit to assess the risk of potential participant refunds and/or charge-backs. If there are undue event risks, MyActive reserves the right to only pay monies after the month after the event is completed.

Dispute Resolution and Charge-back Policy

MyActive agrees to work actively with the other parties to your transactions to resolve any disputes. We do not act as the agent of either party to any dispute between entrants and event organisers and only assist the bank in clearing up the dispute. If any charge-back claim occurs (as the result of a dispute or for any reason whatsoever), MyActive will provide the bank with all the necessary documentation for the resolution of the claim. As an event organiser, you (a) acknowledge that we do not control the outcome of the charge-back decision reached by the event entrant's issuing bank in a card transaction; (b) you agree to accept the decision of the issuing bank as final and legally binding; and (c) recognise that you may not receive payment if the issuing bank rules against you in relation to the payment received. To report a potential fraudulent transaction, error or dispute, please contact us.

The event organiser indemnifies MyActive against any loss or consequential loss suffered or incurred by MyActive arising out of or in connection with a charge-back or refund claim made against MyActive or the MyActive account, for any reason whatsoever, and where the payment for entrance fees has already been made

to the relevant event organiser by MyActive. The event organiser herewith undertakes that it will reimburse MyActive for any financial loss suffered as a result of payment made to the event organiser for entrance fees. MyActive will be entitled to set-off the amount of any such liability from any payment due to the relevant event organiser in future.

Refund Policy for Event Organisers

As a booking agent, MyActive will handle refund requests for both credit card and EFT payments on behalf of the event organiser where required but reserves the right to refuse a refund if unwarranted or if the refund requests from an event organiser becomes excessive for a particular event. MyActive will charge an additional handling fee for any refund request processed. Refunds for credit card payments are processed on a request by request basis. EFT refunds are only processed on a weekly basis.

Should a refund request fall outside of the month in which the original payment was received, MyActive reserves the right to refuse the refund requested and insist that the refund be processed by the event organiser from their account where event funds have been transferred to an event organiser.

Refund Policy for Participants

MyActive accepts no liability with respect to the event delivery and service. All event related queries and refund requests must be taken up with the relevant Event Organisers.
